PROFESSIONAL CHOICE

Ergonomic design provides easy maneuverability. Built with 20" guarded brush deck and thin frame to fit through a standard doorframe.

MINIMAL TRAINING NEEDED

Easy to read control panel with keys included to start. Major user touchpoints, such as cap lids, are orange to quickly identify maintenance and action points.

CONVENIENT FILL OPTIONS

Easily fill solution tank with universal sink hose and front bucket-fill options.

FASTER DRAINING

When the job is over, drain dirty water with drain hose and any remaining cleaning solution using the 2" wide drain opening at the base of the machine.

DURABLE

Chemical and dent resistant roto-molded housing is virtually indestructible. Rolls on large wheels for easier movement over uneven floors.

EASY ACCESS, ADDED STORAGE

Quick access to batteries and other internal components for routine maintenance. Utilize space between tanks to store charger and included tool kit.
